What website tools does your school need?

My school needs...

Communication integrations for voice, text, and email

Integrated forms with payments

Teacher pages with subscribe options

Built-in accessibility tools

(Recommended for schools with an existing website looking to increase enrollment, engagement, and donations)

edlio

My school needs...

Flexible homepage design options—choose your theme and click to publish

Automatic website accessibility scanning

Accessibility reporting and suggestions for what to title photos for alt text, how to label links, and more

(Recommended for schools with no or minimal website presence and limited experience with accessibility)

eChalk[®]
an edlio company

Both give you...

Personalized service

Unlimited tech support

Fundraising tools

(collect donations and payments online for free)

Easy-to-update website tools

Choose your own implementation timeline

School branded app integrated with CMS and unlimited notifications

Access to live accessibility specialists
