

However you teach, it's in Nearpod.

Real-time insights into student understanding through interactive lessons, interactive videos, gamification & activities - all in a single platform.

Create and deliver lessons with interactive slides, interactive videos, gamification & activities – and do it all in one place.

“When we were looking for a comprehensive, interactive instructional tool, we looked at platforms that fit well with our existing solutions, that would also help our students to achieve no matter where they were learning from. It quickly became clear that Nearpod was the all-in-one solution we’d been searching for.”

– Dr. Edwin M. Quezada, Superintendent, Yonkers Public Schools

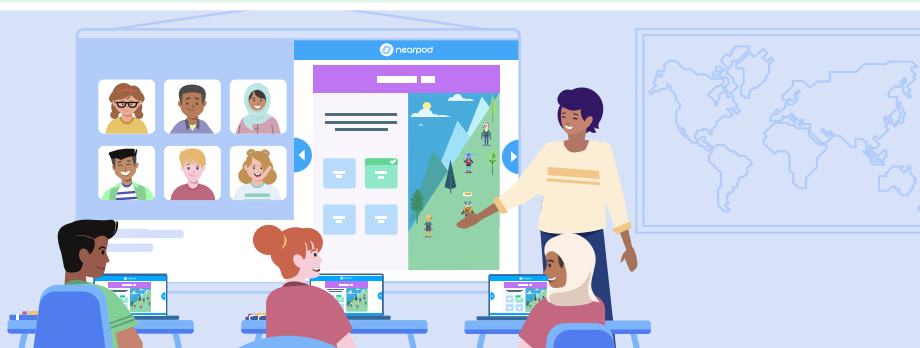

Slides-Based Interactive Lessons

Make any slides-based lesson interactive and gather data on student understanding

Interactive Video

Create active video experiences to check for understanding with built-in interactive questions

- Differentiate, enrich, or provide extra support to meet students where they're at
- Adapt instruction or address misconceptions on the fly during lessons based on feedback from real-time data

"I love being able to see the student's individual work in the Draw It feature. Also, the Quiz feature gives me immediate feedback for student understanding! It's great in determining who needs remediation."

– Ashley Guy, 3rd-grade teacher, Mobile, Alabama

Focus on teaching, not just searching for resources with the Nearpod lesson library

- ☒ Every grade level
- ☒ Every subject area
- ☒ Search by national and state standards

Nearpod Lesson Library

Slides-Based Lessons

Nearpod for Schools & Districts

Unlock the full instructional power of Nearpod with the unlimited access, collaboration, features, integrations, and support your teachers need

Maximize impact with even more access to additional lesson creation, sharing, and delivery features

- **Activity Banks:** Embed standards-aligned activities quickly in any lesson
- **Live Annotation:** Provide real-time modeling and feedback during a live lesson with Live Annotation
- **Live to Self-Paced:** Switch lesson delivery modes while teaching to meet students where they're at
- **Student Accounts:** Empower students to create their own Nearpods and start, stop, or resume lessons

Empower teachers with unlimited access to everything they need to engage students

- Unlock unlimited storage
- Access three libraries in one
- Engage more students with larger class sizes

Strengthen instructional consistency and collaboration with centralized sharing of lessons and insights

- Share lessons with the school and district library
- Collaborate on instruction with Co-Teaching
- Share lesson insights and data

Increase teacher adoption of Nearpod with dedicated support, onboarding, and training

- Receive support from a dedicated Customer Success Manager
- Add on demand or personalized training for strong adoption and implementation
- Access chat, phone, and email support
- Add-on lesson collections that align to your school or district initiatives

Prepare students for life in and beyond school

Add-on lesson collections beyond core subject areas to meet your state and district initiatives with everything your teachers love about Nearpod

Engage students in ways that matter with

Standards-aligned hip-hop videos and activities
that increase vocabulary, spark creativity, and
empower student voice & choice

Physical learning

Remote learning

Hybrid learning

For any learning environment, it's in Nearpod.

- **Create and deliver lessons** with interactive slides, interactive videos, gamification & activities – and do it all in one place.
- **Visualize and support student understanding** with real-time data
- **Focus on teaching, not just searching for resources** with the Nearpod lesson library
- **Connect with the tools you're already using** because it all works in Nearpod

We've seen students' scores rise 20% when teachers adopt Nearpod. This is because of the interactive nature of this tool...the engagement naturally follows!"

– **Kelly Casstevens, District Administrator, Alvarado ISD, TX**
