

Welcome to the New York City Newsela Professional Learning Plan

Newsela is offering Citywide workshops and sessions designed for different audiences to introduce Newsela to provide authentic and diverse content to classrooms while strengthening literacy, CR-SE and SEL teaching and learning. We know that teachers will benefit from systems of support so we are also offering professional learning for Instructional Coaches and Librarians across the DOE as well to make sure there is on the ground support for implementation and instruction with Newsela.

Citywide Professional Learning

The following professional learning sessions will be available to all NYC educators.

Best for Beginners

- Planning and Designing Learning with Newsela

CR-SE and SEL Across the Curriculum

Citywide Professional Learning schedule can be found [here](#).

Steps for sharing for PL resources

- Citywide Professional Learning schedule
- More information about the [Newsela Certified Educator program](#). Schedule for workshops will be released in February 2022.
- Any information about Professional Learning for your district

Implementation

Newsela access and implementation support will help you share Newsela with your school. Newsela is accessed via TeachHub/ Clever. Below you'll find a PDF to share directly with teachers to support them in accessing their resources.

- [NYC DOE Teacher Log In Guide](#)

Lastly, Newsela provides schools across the DOE with additional support. Reach out to your Customer Success Manager, Rachel Rickles, at rachel.rickles@newsela.com to learn more about how Newsela can support your teachers.

Newsela Certified Educator Program

Our Newsela Certified Educator (NCE) program is an opportunity for teachers to more deeply participate in the Newsela community. To date, there are 150+ Newsela Certified Educators across the DOE. Newsela will be hosting five NCE workshops this spring to facilitate more expertise across the district.

Lighthouse School Program

Newsela isn't new to all of New York City! In fact, hundreds of educators and thousands of students have been using Newsela as an essential component of their curriculum. For this reason, we are launching a Lighthouse Schools Program to create lab site schools across the city to highlight best instructional practices. Lighthouse Schools will partner closely with Newsela and receive unlimited professional learning. They'll have opportunities to share their work with other educators across New York City.

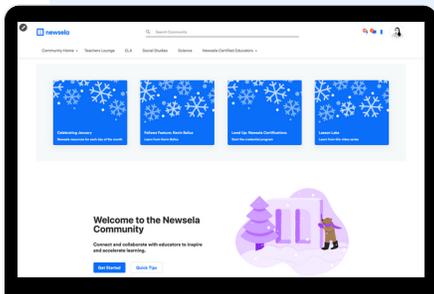

To recommend your school for consideration, complete the form [here](#).

Professional Learning Page, Newsela Community, and Support Page

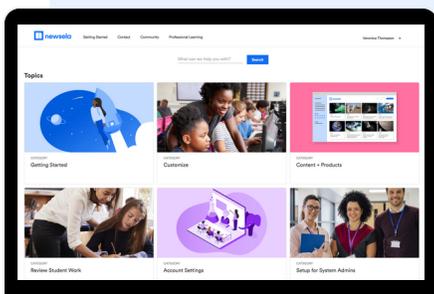

[Newsela Professional Learning](#)

Discover fresh, timely content to support teacher practice.

[Newsela Community](#)

On the Newsela Community, teachers and coaches can find and share lesson ideas, discuss teaching strategies, and stay updated on Newsela features and updates.

[Newsela Support](#)

Teachers can get questions answered from the Newsela Live Chat team and learn more about getting started with Newsela.
